# SOCCER

Our \$5 million La Trobe Sports Park facility is due to be complete by the end of 2022, and that means in 2023 we will launch the Soccer Academy for Year 7 & 8 Charles La Trobe College students.

While soccer is at the core of the Academy, a feature of the program will be the learning and playing of new sports and recreational activities: touch rugby, swimming, futsal, rock-climbing, basketball, netball and others will all help to increase student's connection with their school.

The Academy will also feature strong learning opportunities for students around their resilience and mental health.

We will further support student homework and classwork with sessions of catch-up.

Students will spend between 20 and 25% of their week with the Academy, and will be part of the normal college curriculum program at all other times. They will feel both part of a class group, as well as the Academy.

# ACADEMY

The Academy Program will include an engaging array of off-site and extra-curricula activities, including excursions to La Trobe University Soccer Facilities, the University's swimming pool and gym facilities for core strength and conditioning fitness.

We will have access to The Matildas - the Australian Women's Soccer team - during their residencies at their new home. Academy students will have access to NPL and A-League Matches.

The Academy will help students with careers and pathways planning, and create industry connections, especially in Sport & Recreation.

Period	Monday	Tuesday	Wednesday	Thursday	Friday
1	Normal classes	Normal classes	Normal classes	Normal classes	Normal classes
2	Normal classes	Normal classes	Normal classes	Normal classes	Normal classes
